THE NEW CACTUS DAHLIA "GEO. L. STILLMAN" AND ITS ORIGINATOR

The accompanying illustration is from a photograph taken to demonstrate what the necessary quantity of water will do for a Dahlia in a dry time. After one flower had nearly opened on this plant it appeared to come to a standstill. Buds died, the foliage grew bushy, lacked a lively color, and no more buds appeared. I immediately pulled up a ridge of soil a little away from the plant, forming a reservoir that held two pails of water. The plant was then supplied with four or five ten-quart pails of water every third day until rain came.

When this photo was taken there were seven full flowers, two half open, and nine buds that showed the color of the flower more or less. Three of these flowers measured 7 inches in diameter and all the others over 5 inches.

Very few people realize the quantity of water needed to carry a Dahlia through a dry period. Not only does a Dahlia absorb the moisture, but the dry ground around also draws on the supply.

OUR COUNTRY
Good Morning, Friends!

It would indeed be a great pleasure to say “Good morning” to you personally, my friends and customers, instead of greeting you annually with my pen. But since that is impossible, I must content myself with as direct and heartfelt a message as paper and ink can convey.

What can be more gratifying to the mind of a flower lover than a few minutes spent each day in a garden of dahlias! Truly the mind and soul reach out to greet and welcome the flowers as they unfold their rays of splendor, their attractive form and wonderful size. You cannot help saying, “Is it possible that such perfection has actually been accomplished?”

By the many congratulatory letters you have sent me I know that my efforts have to a great extent met the high ideals of perfection which have always been my ambition to attain. Looking back on the past season I cannot resist telling you that it has been full of successful experiments in dahlia culture. The wonderful new productions I have succeeded in creating more than compensate for the outlay and care I have given to this, my pet flower. The large numbers of you who have visited my fields this year have been another source of pleasure and gratification to me, and I am more than glad to assure you that the invitation to come and see is still open to all who love flowers and the beauties of Nature.

If there is one point in particular that this past season induces me to emphasize, let it be this: Do not be disheartened if the Weather Man sends a drought just when you want it wet, and wet just when you want it dry. Whether you grow dahlias or cucumbers, you have this to contend with — and the one who Sticks and Smiles is the one who wins. As I told you last year, the joy of working among flowers is beyond comparison, be the weather what it may; and no money renumeration can equal the joy of spirit which comes from this prized occupation.

GEO. L. STILLMAN.

Regarding New York Office: For the convenience of folks in the vicinity of New York who wish to consult me personally on the subject of dahlias, I have established an office at 489 Fifth Avenue, New York, Room 303 (opposite the Public Library). I make this my headquarters the first Thursday and Friday of each month when both days come the same month. It will be a pleasure to meet you there. Information and advice on dahlia culture, selection of varieties, etc. given cheerfully.
CLASSIFICATION OF DAHLIAS
AS ADOPTED BY THE AMERICAN DAHLIA SOCIETY

Cactus Dahlia. a. True, fluted type. Flowers fully double; floral rays (petals) long, narrow, incurved or twisted, with sharp, divided, or fluted points with revolute (rolled back) margins, forming, in the outer florets, a more or less perfect tube for more than half the length of the ray.

b. Hybrid cactus or semi-cactus type: Flowers fully double; floral rays short as compared with previous type, broad, flat, recurved or twisted, not sharply pointed except when tips are divided (staghorn), margins only slightly revolute, and tubes of outer florets, if any, less than half the length of the ray.

Decorative Dahlias. Double flowers, full to center in early season, flat rather than ball-shaped, with broad, flat, somewhat loosely arranged floral rays with broad points or rounded tips which are straight or decurved (turned down or back), not incurved, and with margins revolute if rolled at all.

Ball-Shaped, Double Dahlias. a. Show type: Double flowers, globular or ball-shaped rather than broad or flat, full to center, showing regular spiral arrangement of florets; floral rays more or less quilled or with markedly involute margins and rounded tips.

(b. Hybrid show, giant show or colossal type: Flowers fully double, broadly hemispherical to flatly globular in form, loosely built so spiral arrangements of florets is not immediately evident; floral rays broad, heavy, cupped or quilled, with rounded tips and involute margins.

c. Pompon type: Shape and color may be same as A or B, but must be under two inches in diameter.

Paeony-flowered, or "Art" Dahlias. Semi-double flowers with open center, the inner floral rays being usually curled or twisted, the other or outer petals being either flat or more or less irregular.

Duplex Dahlias. Semi-double flowers, with center almost exposed on opening of bud, with petals in more than one row, more than 12, long and flat, or broad and rounded, not noticeably twisted or curled. Many so-called Paeony-flowered Dahlias belong here.

Single Dahlias. Open centered Dahlias, small to very large, with 8 to 12 floral rays, more or less in one circle, margins often decurved (turned down or back). There are no distinctions as to colors. The type embraces the large Twentieth Century, as well as small English varieties.

Collarette Dahlias. Single type: Open centered blossoms with not more than nine floral rays with one or more smaller rays, usually of a different color, from heart of each ray floret, making a collar about the disc.

GENERAL INSTRUCTIONS

IT IS IMPORTANT THAT YOU READ THESE CAREFULLY! ORDER EARLY

First of All.—Send me your order as soon as you receive my catalogue, as the demand for some varieties often exceeds the supply, and those who order early are less liable to disappointment than if they waited till the rush at the time of planting. ORDER bulbs sent early to avoid disappointment. Kindly order by name and not by number.

If you do not want to spare all of the money to send with the order, send the order along, together with one-quarter of the amount as a guarantee of good faith, and the balance can be remitted when you receive notice that your order is ready to ship.

Customers who are not personally known to me will be notified when to remit the amount of their bill. Bulbs are shipped as soon after April 1st as convenient, unless otherwise specified.

When sending orders use the Order Blank furnished with this catalogue. Any number of additional Order Blanks may be had upon application. When filling out the Order Blanks, be sure to fill out the Second Choice columns as well as the First Choice.

It is well to mention the varieties that you are willing to have substituted in case some of those selected are all sold out. Or, if requested, I will select such varieties as will substitute to best advantage. Otherwise, money sent for such bulbs will be returned to the sender.

Size of Bulbs.—Some varieties of Dahlias always produce very small bulbs (of tubers), while other varieties make large ones. So do not consider small bulbs as worthless, for they are equally as good as large ones.

I Guarantee Every Bulb I Sell.—The utmost care is always exercised in selecting every bulb I send out, and every one is believed to have at least one good sprouting eye that will produce a good plant under proper care, or replace it with another.
GENERAL INSTRUCTIONS—Continued

Bulbs to be replaced after June 1st will be booked for shipment the next season only, and in all cases the bulbs to be replaced must be returned.

I guarantee all bulbs to be true to name and sure to grow at the time they are sent out.

The best way to send money is by registered letter, money order or express order.

Do not hesitate to send small orders. An order for one bulb will be as carefully filled as an order for one thousand.

Terms.—Cash invariably in advance, or C. O. D. On all retail orders fully paid for in advance I will prepay carriage to any part of the United States. This does not apply to special offers.

ATTENTION.—Orders taken in the Fall not fully paid for will be sent C. O. D., unless previous arrangement has been made.

Do not delay ordering until the time to plant, as many varieties may be sold out before that time. ORDER EARLY.

If bulbs are received before it is convenient to plant them, they should be covered with moist earth until planted.

I use the utmost care to prevent errors in labeling and packing, but if an error does occur, kindly notify me, that it may be rectified immediately.

Please bear in mind that orders are booked and assembled in rotation as received, and are packed to be shipped at the time your order specifies.

Address all orders and communications to Geo. L. Stillman, Dahlia Specialist, Westerly, Rhode Island. Important.—It is essential that you use the initial “L.” as there are several Geo. Stillmans in town.

LOCATION OF GARDENS

No. 1—25 Granite Street (Residence). No. 2—Stillholme (Farm), Ashaway Road. No. 3—(Main field), Beach Street, opposite Cemetery on car line. No. 4—20 Newton Avenue, Office and shipping dept.

Do not hesitate about ordering Dahlia Bulbs on account of distance, for they go safely by mail or express to any part of the world.

POINTERs ON GROWING DAHLIAS

There are always some people who do not succeed in growing Dahlias with their first season’s experience, and are naturally very much disappointed. To those I wish to say that it is not due to a fault of mine or of the bulbs, but is wholly due to your method of cultivation, kind of soil, or weather conditions. A glance through the hundreds of letters I receive from pleased, enthusiastic people who purchase their stock from me is positive proof that my stock is without fault. Exercise a little patience and a whole lot of good common sense and you will grow as nice Dahlias as anyone.

The Right Kind of Soil.—The kind of soil for Dahlias is a light loam or a stony knoll or side hill.

It is very essential that the soil has good drainage. A rich soil is all right if it has good drainage. Heavy, solid ground will produce an abundance of foliage and few and inferior blossoms.

It should be borne in mind that the poorer the soil, the more fertilizer it requires, and the lighter the soil, the more water it needs. See directions for watering elsewhere. It is a very unwise thing to advise no fertilizer in growing Dahlias, especially in the Eastern states. As a rule nothing will grow without sufficient nourishment. Heavy soil is usually quite rich and when lightened as directed elsewhere, will not need as much fertilizing as weak, light soil.

Heavy Soil.—If your soil is heavy with a clay sub-soil, it should be lightened with coal ashes or sand. If coal ashes are used, the coarser that they are the better, the main object being to make the soil lighter, more porous, and to give it a good drainage. I have seen Dahlias grown to perfection on a spot where the soil was nearly clear coal ashes.

In applying coal ashes they should be plowed, or spaded in, broad cast, 10 to 18 inches deep, and not dumped in one spot where the Dahlia is planted. One part coal ashes, or sand, and one part soil will not lighten it any too much. This will give a better drainage and allow the sun to act on the soil to a greater depth.

Ashes from either hard or soft coal will do but on very heavy soil those from soft coal
are preferable, being much coarser. Both kinds mixed together are also desirable.

**Watering.**—Watering is one of the most essential things in producing perfect blooms on your Dahlias. 90 per cent. of the failures in growing Dahlias is due to lack of water when the hot days of Summer come. Did you ever notice that the stalk of the Dahlia is about all water except the outside shell, and that where sufficient water is supplied the hole in the center of the main stalk is nearly full of water?

The Dahlia, as soon as it begins to bloom, will absorb the moisture from the soil for a distance of two or three feet. For example: Dig down deeply amid the roots of the Dahlia and then again about 4 or 5 feet from the plant and observe the difference. The dry hot days come earlier some years than others, but usually when the buds begin to open it is time to begin watering.

The best method of doing this is to make a basin-shaped mound of earth around the plant, about 2 feet in diameter, and into this basin turn three or four water pails full of water as often as every three or four days. Fertilizer is used to obtain size, water to make richness of color and perfection. Try it.

**Planting.**—The ground should be plowed or spaded to a depth of 8 to 10 inches. Make the drill to receive the bulb, 12 to 16 inches long and 6 inches deep, and about 6 inches wide. Lay the bulb down flat in the drill and then apply the fertilizer on both sides of the bulb, 4 to 6 inches from the bulb. If pulverized Sheep Manure is used, about one pint to one quart is usually sufficient to each bulb according to the strength of the soil.

It is very desirable to plow in a quantity of stable manure broadcast. If this cannot be obtained readily any kind of animal fertilizer mixed with the soil, before planting, will be very beneficial. Always stick the stake in the ground before covering the bulb and thus avoid piercing any part of the bulb.

**FERTILIZER FOR DAHLIAS**

I receive numerous inquiries every year as to the best fertilizer for Dahlias and where it can be obtained.

From my own personal experience, I find that manure from sheep stable is the best for Dahlias, and in order to make it convenient for my customers to obtain this kind of fertilizer, I procure a supply direct from the stockyards. It is absolutely pure and thoroughly kiln-dried and pulverized, and all germs of grass or weeds are destroyed in the process. It is put up perfectly dry in 100-pound bags, which is the most convenient form for shipping and handling. It is to dry that it is nearly odorless and easily handled. Price for the Sheep Manure, $2.75 per bag.

**A TALK FOR THE BEGINNER**

**A FEW THINGS THAT SHOULD BE CONSIDERED**

Do not expect to grow as large flowers as an expert the first year that you try Dahlias, for with any flower you need some experience as well as instruction in order to have great success.

One of my customers said that he had no luck with Dahlias until he read my catalogue. There he found the very information that he needed, viz.: How to lighten the soil and render it porous.

If you have a heavy growth of plants and no flowers it is an indication of too heavy soil, or the same result will be encountered on some dry, rich land. In the latter case water is what is needed and in great abundance, say three or four pails of water three times a week to each plant, with some liquid fertilizer once a week.

Notice that after a heavy rainfall Dahlias take on a new life and the flowers are fuller in the center and more brilliant in color.

All the Dahlias described in this catalogue as to color and shape are described to the best of my ability, but I do not guarantee them to fully meet the ideas of all purchasers in regard to color shadings.

**NEVER STAND THE BULB ON END WHEN PLANTING**

The best method of planting in the field is to make the distance between every other row 3 and 5 feet, respectively, thus affording a passageway on one side of each row after the plant will become large and fill the 3-foot space. 2½ to 3 feet apart in the row according to the nature of the plant is about the right distance when 3- and 5-foot spaces are used. Do not plant near trees or shrubs, as tree roots will take the strength of the soil from the Dahlia. In the open by themselves is the best place. Avoid the south side of a
large building where the sun is extremely hot without a good circulation of air, for the flowers will burn on the back before fully open.

For early flowering they may be planted any time after May 1st or as soon as all danger from frost is passed.

Some people have an idea that the larger the bulb the better the plant it will make, but this is not the case. A small bulb is just as good as, and in many cases better than, a large one.

The Clumps should be divided about the time that you are to plant in the Spring. At this time you can readily see where the sprouts are and with the use of a knife the head of the clump can be split through between the sprouts, or eyes, taking whatever bulb, or bulbs, would come off with one sprout. One sprout is always better than more. If the sprouts are over 2 inches long when you plant the bulb it is better to cut them off a half-inch from the bulb and a new sprout will come and make a better one than the slender one that grew in the cellar.

Care of the Plants.—Keep the ground well cultivated and free from weeds. A frequent stirring of the surface is very beneficial. An application of some standard fertilizer raked into the surface of the soil around the plants two or three times during the season will be very helpful to the development of the flowers.

Never leave more than one or two stalks in a hill. You will have better plants and larger flowers if you will allow only one sprout to grow.

When the buds begin to open a dressing of liquid fertilizer around the plants, several times in a season, will also be beneficial.

Stakes may be used to advantage to prevent plants from breaking down.

Disbudding.—The proper way to disbud the plants is as follows: If the first, or crown bud, appears to be weak or defective, cut it off.

Then when flowers appear on branches, cut them for decorative purposes, below one or two joints, thus removing with the flower whatever buds and foliage may be there. The flowers and foliage cut thus give a better effect for whatever purpose they are to be used. This method is a good invigorator for the plant and at the same time does all the disbudding required on the majority of Dahlias.

Remember, if bulbs are received before you are ready to plant them, cover them with moist earth to keep them from drying up.

Care of the Bulbs in Winter.—After the frost has killed the foliage, lift the clumps with a spade fork and allow them to dry in the sun about half a day. They should then be stored in a place free from frost. If an old-style cellar without cement bottom or heat, they need not be covered, but if cemented and heated by furnace, they should be covered with papers and cloth to keep the air from them and thus prevent too much shriveling.

"Say it with Flowers"

If any little flower of ours
  can make one life the brighter,
If such a little gift of ours
  can make one heart the lighter
God help us do these little things
  while life is sweet with singing
Then you'll know the flower of love
  has set the echoes ringing.

THE OCEAN GROUP
ORIGINATED BY GEO. L. STILLMAN
NEW GROUP FOR 1923

Pacific Ocean, No. 2348
A mammoth Paeony-flowered Dahlia of a salmon pink color clouded darker in some flowers. The florets fold nicely, and twist and curl in a most exquisite manner. An exceptionally beautifully formed flower and an attractive color.
Price, $25.00

Arctic Ocean, No. 2326
This beautiful Paeony-flowered Dahlia in color and form is all that can be desired in a dahlia. It is borne on long, stiff stems and is a beautiful peach pink with a few lines of cream. A very attractive, mammoth flower.
Price, $25.00

Indian Ocean, No. 2444
This mammoth Decorative Dahlia is truly beautiful in color, form, and size. The color is a medium carmine red heavily clouded yellow at base of petals which are slightly clouded and veined light cream; some petals are slightly tipped yellow. A huge flower finely formed.
Price, $25.00

Atlantic Ocean, No. 2346
This is the largest Hybrid Cactus in my collection, and of a most beautiful shade of canary yellow. A very full flower with long pointed folded petals, slightly curving. Strange as it may seem this dahlia is a very free bloomer and the flower holds to a large size very late without disbudding. Price, $25.00

FIVE NEW SELECTIONS FOR 1921
ORIGINATED BY GEO. L. STILLMAN
THE NEW YORK GROUP

COMMODORE, No. 823
The color of this mammoth Paeony-flowered Dahlia is a beautiful deep pink flesh pink. The flowers are very large, often measuring 10 and 11 inches in diameter, and are borne on extra long, heavy stiff stems. It is a profuse bloomer and if disbudding is practised it can be made to produce enormous blooms.
Price, $5.00

BELMONT, No. 2069
A beautiful, deep magenta is the color of this huge Paeony Dahlia. It is an abundant bloomer and a thrifty grower. To form an idea of the richness and beauty of this large flower one should see it growing.
Price, $5.00

BILTMORE, No. 2008
This magnificent Decorative Dahlia is the most beautiful combination of bright, rich carmine and white ever combined in a Dahlia. The groundwork is a bright, rich carmine and the petals are more or less tipped pure white. Occasionally some flowers are nearly all carmine with a few petals tipped white. The plant hanging full of these stunning blooms presents a sight rarely seen.
Price, $5.00

MURRAY HILL, No. 2022
An entirely new Paeony-flowered Dahlia of a beautiful, rich shade of purple. The flowers are simply huge in size and on good stems, which, together with their unusually attractive shade and hugeness, cause every passerby to stop and exclaim: "That's a monster."
Price, $5.00

ANSONIA, No. 2064
Without an exception the color of this large Paeony Dahlia is the most gorgeous and brightest deep canary yellow Dahlia I have ever seen. Its rich colorings never fail to catch the eye of every observer. This immense flower is carried well above the foliage on good, long, stiff stems.
Price, $5.00

DAHLIAS OF DISTINCTION

THE FIVE GREAT LAKES
ORIGINATED BY GEO. L. STILLMAN
NEW GROUP FOR 1922

Lake Superior, No. 2146

The color of this mammoth Dahlia is deep orange salmon. A solid color throughout. The formation of it is of the Hybrid Cactus class and very much resembles its parent, the “U. S. A.,” but of a softer shade and promises to be a larger flower. This Dahlia will be a rich prize in any Dahlia lover’s garden.

Price, $15.00

Lake Erie, No. 2216

This is, without doubt, the largest lavender Decorative Dahlia in existence. The color is a clear deep lavender, while the form is quite flat with heavy, long, flat florets. A very unusual and beautiful Dahlia both in color and shape which can only be realized by seeing it. Blossoms from 8 to 10 inches in diameter. Plants of medium height.

Price, $15.00

Lake Michigan, No. 2194

A rich, fiery scarlet Decorative Dahlia of immense size. This is a very large, deep, heavy flower, 10 to 13 inches in diameter. The stems are heavy, but the great weight of the blossom prevents it from being held erect, yet it is a wonderful exhibition Dahlia and a most attractive one in the garden. The plants are tall and strong.

Price, $15.00

Lake Huron, No. 2164

A very large, clear, bright canary-yellow Pæony-flowered Dahlia, 7 to 10 inches in diameter. This new Dahlia is a remarkable large size flower and is borne on long, heavy stiff stems which hold the flower erect. Its very free blooming qualities combined with its other unusual features place this Dahlia in the front rank. The plant is of medium height and an early bloomer.

Price, $15.00

Lake Ontario, No. 2150

Decorative Dahlia of unusual merit. The color is salmon and gold blended together in a beautiful manner. The flower is from 6 to 9 inches in diameter and is produced on long, heavy, stiff stems. The curly, twisting formation of its florets together with its beautiful combination of colors blended together give this Dahlia a very striking appearance.

Price, $15.00

PRIDE OF THE GARDEN
THE NEW GROUP FOR 1920
ORIGINATED BY GEO. L. STILLMAN
FIVE WORLD WINNERS

AMERICAN HERO, No. 963
A most wonderful Peony-flowered Dahlia. The color is difficult to describe accurately. The center of the florets is a beautiful shade of old rose, outer edges are bordered with light pink. The disc is surrounded with numerous small, curly florets possessing the same beautiful shades of pink. The whole flower possesses the most striking and desirable features yet produced in a Dahlia. It has good stems which hold these beautiful flowers very erect. Price, $3.00

OVER-THE-TOP, No. 921
This new Peony-flowered Dahlia is truly a mammoth and of a very unusual color, being a deep rose lavander as near as can be described. Some people have called it pure rose, others a lavender pink. However, it is a wonderful flower in every way, size, color, formation, and its free blooming qualities are unsurpassed. Price, $3.00

R-34, No. 927
A mammoth Peony-flowered Dahlia of a golden salmon shade. In size and formation this Dahlia is wonderful. The flower, which is borne on long stems, is extremely large; colorings unusually attractive. Price, $3.00

LEAGUE OF NATIONS, No. 908
Here is a new Cactus Dahlia of more than ordinary merit. The color is a most beautiful shade of canary-yellow. In size it is the largest Cactus Dahlia yet produced. The stems on which the flowers are borne are very long and heavy, holding the mammoth flower quite erect. The keeping quality of this Dahlia has proven the past season to be wonderful, while its beauty has attracted much attention from visitors. Price, $5.00

N. C. 4, No. 901
This wonderful new Decorative Dahlia is a most unusually hard Dahlia to describe, as it is about equally divided with scarlet and white. The florets are more or less striped the whole length with yellow and white, while some are slightly clouded with yellow and tipped with light cream. The reverse side of petals is white with yellow shadings. The whole flower is simply beautiful and unusually attractive. Price, $3.00

THE TEN SEA LIONS
THE GROUP OF WONDERS

Adriatic, No. 792. The color of this large, Cactus Dahlia is a clear, bright, canary yellow. It is an immense flower and that shade of canary yellow most desired. The plants make a low growth and the beautiful flowers are very showy and attractive. Price, $3.00

Aquitana, No. 758. The color of this gorgeous new Cactus Dahlia is a beautiful salmon pink. The flowers are very large and are borne on long stems with scant foliage, making it most desirable for cutting. Price, $3.00

Arlanza, No. 520. Style Cactus. The color is a bright medium carmine. The petals are very small and wire-like and stand up and incure in a beautiful manner. A very peculiar feature of the flower is that each petal has a hair-like red and white long petal at its base. An extremely fine, large Cactus Dahlia. Price, $3.00

Empress of Asia, No. 721. A wonderfully large, fine Peony-flowered Dahlia. The color is a deep old gold with a strikingly bronze effect. This is another of those colors so desirable and hard to get in a Dahlia. A flower of exquisite beauty. Price, $3.00

Lapland, No. 730. Pure, glistening white is this noble flower. The petals are broad and good formation. It is a free blooming variety and has fine stems for cutting. If you want a beautiful white, buy a Lapland. Price, $3.00

Mauretania, No. 738. This magnificent big, new Cactus Peony Dahlia is simply a wonder in size, shape and color. It is a light golden mandarin, or on the light orange order. It is quite a tall growing plant and the flowers are produced in abundance. A very showy, attractive Dahlia. Price, $3.00

Medina, No. 757. This Peony-flowered Dahlia possesses one of the most striking colors that a Dahlia could possess. A golden orange. The flower is not as large as some of the other "Sea Lions," but the color is magnificent and desirable. It has good stems for cutting and is a very valuable member of the "Sea Lion" family. Price, $3.00

Rochambeau, No. 811. A very bright, deep canary yellow of immense size and fine form. The Rochambeau is the tallest plant in the "Sea Lion" family, and would make a fine background in any Dahlia garden. It is a very free flowering plant and makes a fine showing above the other members of the group. Price, $3.00
THE FIGHTING TEN
ORIGINATED BY GEO. L. STILLMAN

Gen. Edwards, No. 2114. Peony. Color, a beautiful salmon pink. A very large flower on fine, long stems. The formation of this flower is exquisite. Price, $3.00

Gen. Haig, No. 585. Decorative. A beautiful shade of peach pink, slightly clouded yellow at base of petals. A very odd and nice color and a wonderfully formed, large flower. Price, $3.00

Gen. Joffre, No. 638. Decorative. A light canary yellow. Petals long, broad and tapering to a point. A very deep, heavy flower of enormous size. It is a monster yet is most beautifully formed. Price, $3.00

Gen. Pershing, No. 617. Cactus. A beautiful bright shade of light carmine. A very full, heavy, deep flower with long, heavy stems. Some stems measured 24 inches long. The whole flower is much superior to the Kalif. Price. $3.00

NEW PÆONY-FLOWERED DAHLIAS
ORIGINATED BY GEO. L. STILLMAN
THE INDIAN FAMILY

Black Hawk, No. 54. Deep velvety maroon. The darkest flower in the Indian Family. The colors are extremely rich and the flowers are large. The petals are broad and twisted to a point at tips. Is an extra free bloomer. Price, $1.00

Canonchet, No. 66. An entirely new color shading on a grayish salmon. Petals are long and rolled to a point at tips. Slightly incurving. Small petals curled up around the yellow center in very unique manner. This is a large flower and the long petals are dotted with slightly deeper small blotches of pink and suffused with a pale gold which glistens faintly. Price, $1.00

Canonicus, No. 1036. Beautiful dark cerise. A very unusual shade and no other Dahlia like it in shape and size has ever been produced. A large full flower. Price, $1.00

Massasoit, No. 1021. Variegated. This flower is very showy and attractive. Petals being a dark maroon heavily tipped with white give the flower the appearance of being about one-third white and two-thirds maroon shade. Not as large a flower as some of the other Pæonies, but very attractive. Price, $1.00

Minnehaha, No. 78. Light red. This is an extra large, heavy, full flower with broad petals which are slightly pointed and twisted at tips. The plant grows quite high and being a very free bloomer is one of the most showy Dahlias of the "Indian Family." Price, $1.00

Minnewawa, No. 76. Bright cerise red. Base of petals yellow with white disc around the center. Balance of petals heavily clouded and tipped white. Very striking combination of colorings. Price, $1.00

Misquamicut, No. 1115. Golden yellow slightly tinged with pink. A very large, full flower with very broad petals, and very desirable color. Price, $1.00

Narragansett, No. 1033. Rich shade of dark scarlet. This flower should be seen in order to be appreciated. It is large, finely formed, and a very full flower. It blooms very freely and has been a general favorite wherever exhibited. Price, $1.00

Ninigret, No. 151. Rich dark red, clouded and striped much lighter. The petals taper abruptly to a sharp point which is twisted in a very attractive manner. A full, heavy flower of unusual quality. Price, $1.00

Nokomis, No. 1112. Variegated yellow. The base of the flower is white and canary yellow mixed together. Heavily striped and speckled with dark red. Occasionally solid red blooms appear on the same plant. The plants are of a low growth and flowers stand high above the foliage. Price, $1.00

Osceola, No. 39. Very light canary yellow. An enormous flower and beautifully formed. The most delicate shade of light yellow imaginable. This is a very free blooming Dahlia and should be seen to be appreciated. Plants only. Price, $1.00

Pocahontas, No. 69. Light cream yellow. This flower is very large with flat, broad petals except in the center. Petals are flushed and veined deep pink, possessing some of the colorings of the Geisha. A very free bloomer and in every way desirable. Price, $1.00
NEW PAEONY FLOWERED DAHLIAS—THE INDIAN FAMILY—Continued

Powhatan, No. 101. Dark crushed strawberry. This very large flower is another of unusually fine shading. While it has the colorings of the crushed strawberry, it also possesses a light tint of lavender and the free-blooming qualities. Price, $1.00

Queen Esther, No. 103. Color, "Du Barry," that dazzling new shade of red. An enormous, large full flower and a beautiful rich color. The small twisting florets in the center of this flower give it a most unique appearance. A wonderfully free blooming Dahlia. Price, $1.00

Red Cloud, No. 84. Rich deep carmine. This is a large, full flower of a solid color and is borne in abundance on a plant of high growth. Price, $1.00

Samoset, No. 1007-1. Light yellow. Some of the petals of this flower are slightly shaded with pink, while the whole flower is full and of the true Paeony type. Small curly petals on the face of this flower give it a very desirable effect. A very free blooming variety. Price, $1.00

Squanto, No. 102. The color of this Dahlia is hard to describe on paper. It is of a reddish violet, growing more red at the base of petals. The flower is large and makes a very showy plant by its free-blooming qualities. Price, $1.00

Uncas, No. 147. Pure white. A beautiful pure white somewhat resembling South Pole, but petals more curly and twisted. A very unique shaped, free-blooming Dahlia, and exceptionally desirable. Price, $1.00

Wadawannock, No. 1034. Light coral. This is a large flower with broad, flat petals and with just enough twisting, curling petals in the center to give it a nice Paeony effect. This is an entirely new shade and one of those very effective and desirable colors seldom seen in the Dahlia. Price, $1.00

Price of the above, one each of the set, $15.00

THE LOMA FAMILY
ORIGINATED BY GEO. L. STILLMAN

THE EIGHT SISTERS OF THE LOMA FAMILY

Edna Rollins, No. 1460. Paeony-flowered Dahlia blotted with old rose. Streaks of yellow near center and slightly through petals. Light blotches of dull yellow mingle faintly with the dull rose. Numerous small curly petals around center of flower. Good size on long stems. Price, $1.00

Esther Du Barry, No. 489. A beautiful clear, velvety cardinal with long, slim rolled petals, nice Paeony type, which twist and curl beautifully at points. Numerous small petals around central disc. Extra long, stiff stems which hold the flowers very erect. Price, $1.00

Evelyn Loma, No. 448. A fluffy white Paeony-flowered Dahlia with long, slim pointed petals, curled and rolled in a pleasing manner. The very base of petals is slightly shaded yellow. A fine, large specimen erect on extra long stems. Price, $1.00

Frances Lane, No. 322. Pretty light, velvety lavender red Paeony-flowered Dahlia with pale lavender which streaks down through the main petals. Petals broad and flat with tips slightly curled. A pleasing, striking specimen. Erect on good stems. A noticeable circle of canary yellow surrounds the pollen disc. Price, $1.00

Hazel Van Allen, No. 1498. A lovely reddish magenta of the Decorative type, slightly shading cerise and clouded at base of petals lighter. A full, large flower with narrow, nicely formed petals. Erect on long, strong stems. Price, $1.00

Janet Cross, No. 432. A finely pointed Cactus type of a lovely shade of very rich salmon pink, almost clear save for a very few faint yellow petals in the center, which are finely bordered with pink. A large size Cactus on good stems. A fine specimen. Unusual long, stiff stems often measuring 16 inches. Price, $1.00

Ruth Van Fleet, No. 1451. Clear light canary yellow. The stems are extra long, often measuring 16 inches. The flowers are extremely large, measuring from 6 to 8½ inches in diameter and are held perfectly erect on its stiff, long stems. Hybrid Cactus. It should be seen to be appreciated. Price, $2.00

Vivian Jacoy, No. 1450. A mingling of white and light cerise, streaked and blotched through entire petals of a Paeony type. Petals toward center curl very pleasingly. An odd and pretty specimen on long stems, and a good sized flower. Price, $1.00
THE EIGHT BROTHERS OF THE LOMA FAMILY

Alan Loma, No. 459. A pure waxy white Paeony-flowered Dahlia with large broad flat petals. Very prominent yellow pollen disk with a few small curling petals around it. A large, heavy flower. Certainly a splendid specimen. Very erect on long stout stems.
Price, $1.00

Eugene Loma, No. 418. A light canary yellow to the center of this fluffy Paeony-flowered Dahlia. The shading runs lighter toward points and the very faintest of pink shows on sides and back of petals. Petals slim and rolled to a cup, twisted and curled around the center in a very peculiar manner. A very unusual flower. Erect on good stems.
Price, $1.00

Forest Loma, No. 468. Deep cerise pink Paeony-flowered Dahlia, blotched and streaked canary yellow, with yellow at center. Petals are finely formed and numerous and curled at points. Very large and another erect specimen on good stems.
Price, $1.00

Harry Loma, No. 438. A pretty pink Paeony-flowered, streaked artistically with white and with a faint blush cast at tips, giving a lavender hue. A full flower with very curly petals in center. Another specimen with extra long stems. Petals long, slim, numerous, and sharply pointed.
Price, $1.00

Kenneth Loma, No. 422. A lovely, clear, light canary yellow, or lemon, shading makes this a fine specimen in its family. It is of the Decorative style, standing very erect on good, strong stems, and a very large flower. Nice fluffy petals slightly curled. A gorgeous flower and unusually fine clean color.
Price, $1.00

Robert Loma, No. 490. Golden amber shaded slightly with salmon pink, pink showing more on backs of petals, of full Paeony type. Good size with long stems. This is one of the new attractive colors so desirable in the flower garden.
Price, $1.00

Rupert Loma, No. 456. A dull, old rose shading runs predominantly through the petals of this Dahlia, while a noticeable amount of lavender touches many of the petals' tips. It bears the appearance of being streaked lighter and darker shades of the rose and lavender. Difficult to describe. It has a very full blossom of perfect form, of Decorative type. Good size, standing boldly on its long, stout stems. This Dahlia’s foliage is beautiful and scant in appearance, with long, jointed stalks.
Price, $1.00

Price, $1.00

A TESTIMONIAL

September 24, 1923. A gentleman in Washington writes me thus: “I have enjoyed the best results from your new Dahlia creations, this year that I have ever experienced. Lake Superior is a wonder, produced several blossoms over 14 inches. Caruso and the Deacon cannot be beat, both of them are fine growers, elegant stems, and blooms over 11 inches. I had one Lake Huron over 14 inches and long fine stem. Lake Ontario is a beauty but much smaller, my largest bloom was about 10 inches.”

Note the Following

Do not plant your Dahlias in the shade.
Stunted plants, thick and bushy on top, with no blossoms, are the result of dry weather, or too heavy soil.
I guarantee every bulb I send out.
Do not wait for bulbs to sprout before planting. There is nothing like mother earth to sprout them. Plant them where you want them to grow.
The more flowers you cut the better Dahlias bloom.
Dahlias do well with me; they will with you, if you will follow my instructions carefully, and above all, note what is said on another page in regard to watering.

NEW DECORATIVE DAHLIAS
ORIGINATED BY GEO. L. STILLMAN

"Our Country," No. 2458. The color combination of this wonderful, new decorative Dahlia is superior to anything I have ever produced in a dahlia. The ground or main color is a very deep purple while the florets are heavily tipped pure white. It is truly a mammoth and the formation is truly wonderful. It is a very deep, heavy flower with a never failing center. The colors run very uniform. It has never been known to produce solid purple, or white flowers as in many cases with variegated dahlias. It was offered to the public in 1923 for the first time. Price of bulbs or plants $50.00 each.

The Boston Evening Globe, October 17, 1923, speaking of a dahlia garden near Boston says: "In this garden are prize winning specimens such as "Our Country" grown for the first time this year and acknowledged as the most beautiful variety ever developed with its deep purple petals tipped with white."

Baby Mae, No. 700. This unique flower is a beautiful shade of lavender pink changing to a lighter shade in center. It is nearly a duplicate in color to the Millionaire, but much smaller in size. Price, $1.50

Beacon Light, No. 591. White changing to a beautiful cream at base of petals. A most clear, beautiful flower. Fine for cutting. The formation of this flower together with the color is most desirable. Price, $3.00

Bonny Best, No. 577. Very light cream and shaded darker at base. Petals, broad and serrated at tips. A most beautiful clean color and a good sized flower on heavy stems. Price, $1.00

B. P. O. E. No. 2324. Color, light purple or lilac. A large deep full flower held on good stout stems. This is a Dahlia of more than usual merit. The color is a very desirable one and it combines many desirable features that few Dahlias possess. Price, $10.00

Clara Annette, No. 731. The color of this Dahlia is a rich, medium shade of carmine red. Each petal is slightly veined yellow and slightly tipped yellow. It is a fine flower in every respect and should be in every Dahlia garden. Price, $1.00

Clara Barton, No. 2145. The color is a very deep orange brown. The color of this Dahlia is very hard to describe with any accuracy, but it is a most desirable color. It is a Dahlia of wonderful formation, and it is truly a mammoth. It somewhat resembles its parent the U. S. A., but the color is slightly darker. This beautiful Dahlia is an unusually free bloomer, which fact, together with its mammoth size, make it worth a place in every Dahlia fancier's garden, both as an exhibition Dahlia and for garden decorations. Price, $5.00

Crimson Cushion, No. 2185. Color, crimson. Each petal heavily tipped white, though about half of the flowers come either wholly or partly solid crimson. This new Dahlia is an exceedingly attractive one and a very free bloomer. A very full, deep flower of good form and size. Price, $5.00

Daniel Webster, No. 566. Deep blush rose pink. A very odd and striking color. Petals are quite slim and tapering to fine points, also have a rolled and twisted appearance. The outer edge of each petal is bordered with a much lighter shade. Price, 50c.

Douglas Fairbanks, No. 442. Crushed strawberry shaded to yellow at base. Price, $1.00

Early Fortune, No. 2300. Color, light canary yellow, darker in center and shaded to white at tips. A very clean nice color. A flower blooming very early. Price, $2.00

Eee Zee, No. 2403. Color, a deep rich salmon pink. A very rich desirable color. Flowers on fine stems for cutting. A free bloomer. Price, $5.00

E. J. Pease, No. 1428. Fire red. Slight veins of yellow running lengthwise through petals giving the flower a prominent striped appearance. Price, $1.00

Emma Hoxie, No. 795. Color, light gold with cloudings of pink. The florets are quite slim and curling, forming a most beautiful flower in shape, color, and large size. Price, $3.00

Florence Griswold, No. 2267. Color, white. Each petal clouded and stained red at base. A medium sized flower, but very showy. Price, $2.50

Florine, No. 975. This new Decorative Dahlia is certainly desirable. The color is a beautiful shade of golden apricot. The flower is of a beautiful Decorative formation. A very free bloomer. The blossoms are borne on good stems. Price, $2.50

Gen. Markel, No. 750. A rich deep carmine in color and very bright. A deep, full flower which is much admired for its rich coloring. Price, $1.00
OUR COUNTRY

Hall Mark, No. 2225. Color, light canary yellow. A deep, full flower and very clear, nice shade. This Dahlia can be grown to an immense size with a little care. Price, $5.00.

Hocus Pocus, No. 2401. Color, a yellow salmon, or very light red, while some florets are nearly white and occasionally flowers are more than half white. A large flower and a very odd, but attractive combination. Price, $2.50.

International, No. 2218. The color of this flower is strikingly odd and a true novelty. It is a sort of fawn color with cloudings of yellow and darker fawn. A nicely formed Decorative with a full center. Price, $10.00.

John Drew, No. 581. A very light pink, while the reverse side of the petals is darker pink. This is an elegant, large, full flower and should be seen to be appreciated. Price, $3.00.

Justice White, No. 2196. Color, bright carmine with each petal nearly half white at tips. A very large fluffy flower on good strong stems. Occasionally a flower comes solid carmine or nearly so. When grown to perfection this Dahlia is of immense size and a beauty. Price, $5.00.

King Arthur, No. 307. A rich garnet red, solid color. This flower when beginning to bloom somewhat resembles a Narcissus, as the outer petals open usually about a day before the others begin to unfold. It is of large size and a beautiful Decorative shape with extra good stems. For richness of coloring this Dahlia is seldom equalled. Price, $1.00.

Lady Cardine, No. 2017. A large flower of the Decorative type and slightly oval face. The color is a medium rich carmine and each petal heavily tipped white. Occasionally a petal is bordered with gold on one side. One of the most beautiful flowers grown and on heavy stiff stems. A wonderful free bloomer. Price, $5.00.

Lady Lenox, No. 2374. Color, medium orange and medium in size, but very good both in color and form. Some flowers come clouded white, but an extra nice Dahlia. Price, $5.00.

Marillyn Miller, No. 2144. Color, salmon, heavily shaded yellow. This is a medium sized flower, but has extra nice stems for cutting, making it a very desirable cut flower. Dahlia of a fine color. Price, $1.50.

NEW DECORATIVE DAHLIAS—Continued

**Meadow Vale, No. 2112.** The color of this beautiful Dahlia is light canary yellow. Each petal is heavily tipped white. The softness of the colors of this medium sized Dahlia makes it a most wonderful and desirable flower. It is borne on good stems for cutting. A basket of these Dahlias presents a most striking appearance. A Meadow Vale should be in every Dahlia lover's collection. 

Price, **$3.00**

**Mongolian, No. 1092.** Very dark maroon. Nearly black. Medium sized flower and a very free flowering Dahlia. 

Price, **$2.00**

**Mr. Layng.** Color is a deep pink with lighter shadings. This is a mammoth flower on fine stems for cutting. A very free blooming and attractive Dahlia. 

Price, **$3.00**

**Mrs. A. H. Smith, No. 888.** Color, a beautiful light canary yellow. A very large flower on good stems and is a prize in any garden. 

Price, **$5.00**

**None-SO-Pretty, No. 915.** This new Dahlia can be mistaken for pure white when seen at a distance, but on close inspection it has an overcast of pink. The formation of the Dahlia is unusually attractive and its free blooming qualities are unsurpassed. To see the beauty of this Dahlia you should have one in your collection. 

Price, **$2.00**

**Our Country, No. 2458.** The color combination of this wonderful, new decorative Dahlia is superior to anything I have ever produced in a Dahlia. The ground, or minor color is a very deep purple while the florets are heavily tipped pure white. It is truly a mammoth and the formation is truly wonderful. It is a very deep, heavy flower with a never failing center; and the colors run very uniform. It has never been known to produce solid purple, or solid white flowers as in many cases with variegated Dahlias. It is offered to the public in 1923 for the first time. 

Price, **$50.00**

**Oweenee, No. 1117.** Variegated cerise and white. This flower is of very delicate coloring, petals being fine and very numerous. They are splashed and clouded with light cerise and white. One of those very desirable light shades. 

Price, **$1.00**

**Plato, No. 799.** Color, salmon red. A nice colored flower and about same shape as Mrs. Roosevelt. On fine, long, stiff stems for cutting. A very profuse bloomer. 

Price, **$1.00**

**Perfect Beauty, No. 582.** Bright light scarlet. Outer ends of petals heavily tipped white. The colors are divided about equally, half red and half white. A most beautiful flower of very large size. One of the most attractive flowers imaginable. 

Price, **$3.00**

**Pride of the Garden, No. 2032.** Color, deep canary yellow with petals tipped white. Occasionally some flowers come all yellow and in that case is a most beautiful flower. The flowers are large and the buds which appear in numbers should be pinched off to one in a place. It is truly a pride in any garden. 

Price, **$10.00**

Price, **$7.50**

**Robert O. Fletcher, No. 2271.** Color, white striped and speckled with bright carmine. A beautiful flower and a lovely combination of colors. 

Price, **$3.00**

**The Millionaire, No. 1420.** This remarkable mammoth new Decorative Dahlia exceeds any other Dahlia in existence in size. The color is a most dainty lavender with a pink sheen overcast. The flower is simply immense, very deep and heavy. After the first flower, it is produced on extra long, heavy stiff stems. The Millionaire has won many first prizes, besides many medals, all over this country for the largest flower in the show. A Dahlia garden is not complete without a Millionaire. 

Price, **$1.00**

**Timothy, No. 2427.** Color, deep orange is the main color, but in some flowers all the petals are tipped white. A beautiful flower in either color and of medium size for cutting. 

Price, **$1.50**

**Watch Hill, No. 588.** The color of this new Decorative Dahlia is a light pink of a beautiful shade. A nice deep flower of large size and one of those very desirable colors for the home garden. 

Price, **$2.00**

**World’s Wonder, No. 550.** Color, golden salmon. Low plant and an early bloomer. This is a very large, deep, full flower with almost a never disappearing center. The keeping qualities of this flower are very unusual and it is borne on very long, stiff stems. A profuse bloomer. 

Price, **$3.00**

DAHLIA STAKES

As many of my customers make inquiries of me as to where they may obtain strong Dahlia stakes, I have arranged to furnish a good, strong, Oak Stake, 1¼ inches square, and 6 feet long, in the rough, just as they come from the mill, at 11c. each, F. O. B. Westerly.
NEW CACTUS DAHLIAS
ORIGINATED BY GEO. L. STILLMAN

Head of the Nation, No. 2209. The largest incurved, claw-shaped true cactus Dahlia in existence. I have grown this wonderful Dahlia in my garden perfectly natural, without any disbudding whatever, to measure nine inches in diameter. Think what can be done with this flower by disbudding. In color this Dahlia is purple with a magenta overcast. It makes a tall plant and is an exceedingly free bloomer. When permitted to grow and bloom naturally it presents a novel sight seldom seen in a Dahlia garden.
Price of bulbs or plants, $75.00 each

Ad. Grayson, No. 2250. Hybrid Cactus. The color of this beautiful Dahlia is an old rose slightly shaded a silvery rose. The petals are somewhat twisting and the whole flower is of a most exquisite formation. One of the best and most attractive cut flower Dahlias with extra nice long stems.
Price, $5.00

Price, $2.50

Price, $3.00

Blazing Star, No. 891. Color is a bright rich carmine. An unusually good type of Cactus, but a rather small flower. However, it is a very early and attractive specimen.
Price, 50c.

Bridal Veil, No. 2020. Pure glistening white. The petals of this flower are folded nicely and points are twisted in such a unique form that it is easily the most beautiful white Cactus Dahlia I have ever seen. The flowers are large and stand erect on good stiff stems superior to any other white Cactus.
Price, $5.00

Price, $3.00

Capt. John Smith, Hybrid Cactus. Color, a rich, bright carmine red. A mammoth Cactus with a fine center and a wonder in size and color. The flower often measures 9 and 10 inches.
Price, $5.00

Price, $2.00

Carrie Hammond, No. 890. Deep pink shaded yellow at base. The petals are finely rolled and twisted.
Price, 50c.

Caruso, No. 2132. Hybrid Cactus. This mammoth flower is certainly a wonder.

Lady Evelyn
NEW CACTUS DAHLIAS—Continued

F. Earl James, No. 242. Color, deep mottled cerise pink. This flower is very large and finely formed, of Hybrid Cactus type. Petals are very curly and twisted and some turn backward. The whole flower is most beautiful and makes an exceedingly pleasing effect. Price, $3.00

F. L. Deery, No. 306. A Dahlia made up of numerous, finely formed, pointed petals of Cactus type. It is a lovely lavender pink blotched through the fine petals and in some instances tiny spots of the coloring appear like the head of a pin. The pale lavender is clearer at very tips. Yellow shows very slightly at center. A fine size. The long, stout stems hold the Dahlia very erect. Price, $1.50

Geo. L. Stillman, No. 67. The color of this beautiful new Cactus Dahlia is a very rich, velvety, deep carmine. The form is exquisite, while in size it is a mammoth, having been grown to measure 11 inches across with stems 26 and 31 inches long. It has been grown in all climates. It bears its originator's name and has won prizes everywhere. Price, $3.00

King Tom, No. 2003. Pure deep rose. This is a Hybrid Cactus Dahlia of very large size and a beautiful color. The petals are long and fold back to a long, sharp point. The whole flower much resembles Lady Helen except in color and is borne on good long stiff stems. Price, $5.00

Lady Helen, No. 217. A beautiful Hybrid Cactus Dahlia as distinctly new in quality and excellence as in origin; standing erect on long stems with finely formed and curled petals spreading out, making a diameter varying from 7½ to 8½ inches. It is a striking and beautiful toned pink in the main body coloring, with slight veins of white, almost cream, running through the petals. Prominent cream tips make a decidedly new and altogether forcible addition to the whole flower. The Dahlia should be seen to be fully appreciated, for words of pen cannot do it justice. A profuse bloomer. Price, $3.00

Mastodon, No. 822. Color, bright medium carmine. Petals slim and very twisting, standing in an upright and somewhat claw-shaped position. Extra large Cactus Dahlia of good form. Price, $3.00

DAHLIAS OF DISTINCTION

ADDITIONAL NEW PAEONY-FLOWERED DAHLIAS—Continued

Cardinal Mercier, No. 910. The color of this new, mammoth Dahlia is a deep flesh pink with slight veins of canary shooting up from the base of the petals in the center. Then there appears a glistening silvery sheen of the white flesh peach. The curious formation of the florets of this beautiful flower is indeed remarkable. In size and form there are very few flowers of its equal. Many of them measure without disbudding 9 and 10 inches across. Price, $10.00

Nov. 6, 1923. A gentleman in N. J. wrote me thus: "It might interest you to know that a friend presented me with a bulb of your wonderful "Cardinal Mercier" and I had just eleven blooms none of which were under 9 inches."

Cherry Pie, No. 2092. In color this flower is a light pink. Petals quite broad and pointed at tips. A beautiful color and an attractive flower. Price, $1.50

Sunflower Gem, No. 642. This striking new Peony-flowered Dahlia is simply a wonder in the Dahlia family. The close resemblance of this flower to the Sunflower is very remarkable. The large open center, or disc, is especially beautiful. The flower itself is borne on long, stiff stems and is held in an upright position, making one of the most attractive of the Peony-flowered Dahlias. Price, $2.00

Sweetheart, No. 2116. The color is light red. Each petal is heavily tipped white. The twisting formation of the petals of this flower give it a very attractive appearance. Price, $3.00
ADDITIONAL NEW PAEONY-FLOWERED DAHLIAS—Continued

Speaker of the House, No. 2330. Color, deep purple with each petal heavily tipped white. This wonderful Dahlia makes the most showy plant in my whole collection with one exception. The flowers are very large and uniformly marked, and with the great contrast in the colors it is a very noticeable plant among the others. Therefore, it can be easily termed "The Speaker of the House." Price, $10.00

Stillman's Red Cross, No. 1412. Bright deep carmine. Petals quite long and fluffy. Solid color. Large size flower. Fine stems for cutting. Price, $1.00

Thanatopsis, No. 794. Color, red, shaded pink and base of petals yellow. A fine cut flower Dahlia. Price, $1.50

The Billionaire, No. 552. Another monster Dahlia to class up with the "Millionaire," which I introduced. The color is a beautiful shade of golden orange. Though the Billionaire is an entirely different style of flower it is fully equal to the Millionaire in its own family. It is simply a wonderful production. The color is wonderful, the shape is wonderful, the stems are wonderful, and the plant itself is wonderful. The plant making a low growth and the flowers being of an immense size, produced on extra long stems, and being profuse bloomer gives the plant a most beautiful appearance and makes it surely a wonder. It should occupy a place in your garden. Price, $2.50

The Camouflage, No. 870. Color, carmine heavily tinted yellow. Yellow mixed with the carmine. A very desirable flower. Price, $2.00

Thomy Thompson, No. 239. Color, a shaded golden salmon. A large, beautifully formed flower with long, slim, curly petals. It is a very large, full, deep flower and of unusual quality. Price, $2.00

Thos. Galvin, No. 411. Body old gold, slightly shaded pink. A deep heavy fluffy flower. Petals broad and long and twisting. The reverse side of petals clouded pink and showing from the front where the petals roll up. A wonderfully fine, mammoth, new Dahlia. Price, $3.00

Tip Top, No. 1004-A. Light salmon and florets slightly bordered pink with numerous small curly florets at the base. The flower is good size and of exquisite formation. Price, $2.00

Verna Thompson, No. 77. White, heavily clouded cerise. This immense, large new Peony Dahlia is a beauty beyond all doubt. It closely resembles Aunt Electa in color, but somewhat different in shape. A very full deep flower. Price, $1.00

Westerly, No. 752. The color of this beautiful Dahlia, as near as can be described in general terms, is a deep, old rose with peach pink shading, a most unusual color and extremely attractive. The flower is of immense size and borne on extra long stems. I was awarded first prize on this Dahlia by the Mass. Hort. Society at their Dahlia Show in Boston, in September, where it was admired by everyone. Price, $2.00

W. F. Brown, No. 782. Color, yellow, red and deep pink, about equally divided in this beautiful Peony-flowered Dahlia of various colors. This is a wonderful flower of exquisite formation. The petals are curling and twisting in fine shape and colors present a beautiful combination. It is one of the most free blooming Dahlias in the whole Dahlia family. Price, $3.00

White Cap, No. 318. Pure white with broad, flat petals of a glittering appearance. This Dahlia is large and possesses qualities of great merit for house decorations, in bunches or vases. Price, $1.00

White Climax, No. 2037. Pure white with long, slim, twisting petals. A medium size flower and desirable. Price, $1.50

White Navy, No. 2336. Color, pure glistening white. The florets are quite numerous and are finely formed. A nice cut-flower variety on good stems. Price, $2.00

White Pearl, No. 995. Pure glistening white. The florets of this beautiful white Dahlia are broad and flat, standing out like those of a single Dahlia. The plant makes a low growth and the flowers stand up above the foliage in beautiful shape. When planted in a row the whole row has almost the effect of a snowbank. The profusion in which these beautiful white blossoms are displayed is indeed wonderful. Price, $1.50

Winter Queen VII. Color, a beautiful shade of medium pink with a lavender sheen. Here is one of the best pinks for cutting. It has long stems which carry the flowers in good position. The color and formation of this flower are certainly beautiful. Price, $3.00

NEW DUPLEX OR SEMI-PÆONY-FLOWERED DAHLIAS

ORIGINATED BY GEO. L. STILLMAN

This is an entirely new, and much needed, classification for a general favorite type of Dahlia. See Dahlia classification on another page. These Dahlias are not an extremely large flower, but just the right size for cut flower decoration, and they possess the most beautiful combination of colors imaginable.

The following are all new varieties of my own origin:

Adelaida, No. 10. Bright cerise red. Petals tipped with yellow and yellow around base with two narrow stripes of yellow through center. Price, 50c.

Banner Girl, No. 1481. Color, pure white, clouded yellow at base of petals. Petals rolled back whole length. A nice flower. Price, $1.00

Ben Hur, No. 310. Scarlet with yellow circle around disc. Petals slightly tipped yellow. Two veins of yellow run length-wise to petals. Price, $1.00

Black Servant, No. 2140. Color, rich magenta, almost black. Petals veined and clouded lighter at tips. A very odd colored Dahlia, yet very desirable. Price, $2.00

Black Valentine, No. 950. In color this Dahlia is rich, dark velvety red. The blossoms of this Dahlia are borne on stiff stems which hold the Dahlia very erect. Fine for cutting. Price, $1.50

Buster Brown, No. 70. Beautiful shade of canary yellow. This is an immense large flower of unusual qualities. The flowers measure 7 to 8 inches in diameter and have heavy, broad petals, slightly streaked with carmine and borne on extra long stems that are very stout. It is simply a wonderful flower. Price, $1.00

Cygnet, No. 818. Color, very deep purple of good size. The color of this flower is much to be desired. It is borne on good stems, making it a fine cut flower Dahlia with a rather unusual color. Price, $1.50

Golden Crown, No. 247. Color, a rich deep shade of cream. This is a very showy flower. The petals are broad and some are twisted at center. Being shaded red on reverse side gives the flower a pleasing appearance. Price, $1.00

Hubby Hapgood, No. 510. Color, cerise magenta, shaded white at base of petals. A fine Dahlia for cut flowers. Price, $1.60

James Gray. Color, magenta. A large fluffy flower on long stems. A very showy Dahlia. Price, $1.60

Jennifer Hadden, No. 333. Color, cerise and white, yellow around base. Medium size on good length of stem. Price, 50c.

Koros, No. 659. Color, a very bright shade of maroon. Petals curving around center. Price, $1.60

Latona, No. 420. Color, light coral red, shaded lighter at base. A very striking color. Tall, showy plant. Price, $1.60

NEW SINGLE DAHLIAS
ORIGINATED BY GEO. L. STILLMAN

Color Card, No. 1116. A Dahlia of many colors and shades, having yellow, red, pink and amber in very attractive shades. Price, 25c.

Erebos, No. 645. Pink and white clouded together. A good, large flower and beautiful color. Price, $1.00.

Fang de Charmer, No. 1097. Clouded pink. This is the most peculiarly marked Dahlia that has ever come under my observation. The tip of each petal is serrated in a diamond shape. At the base of the diamond are two fangs with sharp points, hence, the name “Charmer.” One of the most profuse flowering single Dahlias in my collection. Price, 35c.

Imperial Elephant, No. 396. The largest and most wonderful single Dahlia ever originated. The color of this monster is most beautiful. There is a circle of canary yellow around the center which is 2 inches wide. Then the petals are a bright cardinal and clouded yellow at tips. The flower measures from 7 to 9 inches in diameter, with very broad, flat petals. The plant makes a heavy, stout growth of medium height. Price, $3.00.

Mountain Pink, No. 952. Color, very beautiful shade of light pinkish lavender tinted with yellow around the florets. One of the very best singles yet produced. Price, $1.00.

Ox Eye, No. 1086. Carmine with yellow base. Has the appearance of the ox eye. Price, 20c.

Peggy Lundeen, No. 138. Color, slightly yellow, base of petals encircled with white. Then the petals are cerise tipped and clouded white. Beautiful colorings. Price, 25c.

Peppermint, No. 2125. The color of this beautiful Single Dahlia is pure white. Each petal is heavily bordered with deep rich magenta. This is without doubt the most striking and beautiful Single Dahlia yet produced. The blooms are a good size, being borne on good long stems for cutting. The flowers stand well above the foliage and it is an unusually free bloomer. Price, $1.00.

NEW SINGLE DAHLIAS—Continued

Prosperton, No. 810. Color, medium shade of carmine. Each petal is serrated at tips and heavily clouded yellow at tips; clouded and veined through the middle and nearly all yellow on lower half. A very showy, large flower for a single Dahlia. Price, $1.00

Snowflake, No. 2052. This Dahlia is pure glistening white with broad, flat petals forming a flat flower which stands erect on long stiff stems. The most beautiful white single Dahlia yet produced. The beautiful large yellow disc in this flower gives it a beautiful finish. Price, $1.00

Star of the East, No. 1103. Magenta, yellow at base, edges and tips clouded white. Price, 15c.

Susie, No. 1081. Single Dahlia of a pleasing shade of rather dark velvety magenta with one or two faint streaks of light shade running through petals. Price, 15c.

Tama, No. 1362. Magenta. This flower should have a place in every garden. Price, 50c.

CACTUS DAHLIAS

Advance. Light red, this Dahlia is one of the largest of the Cactus varieties. The flowers are very full to the center and the best of form. Price, 25c.

Attraction. (Foreign.) Color, a very beautiful pink with a lavender sheen. The form and size of this Dahlia are equally good. The blossom is borne on nice long stems for cutting. Price, $2.00

Chastity. A very pretty pale pink of very finely twisted Cactus petals which stand up most attractively. As held up the center has the appearance of being white. Its stiff stems hold it erect. Should be seen to be appreciated. Fine size. Price, 50c.

Citizen. Dark maroon, large flower, shaded purple. Grows very strong and erect, and is free flowering. Price, 20c.

Columbia. Vermilion, tipped and striped with white. Long, narrow petals. The plants make very little foliage and the flowers are carried well above it. It blossoms profusely, and with its variety of coloring it presents a most striking appearance. Price, 25c.

Conservateur Lefebvre. Salmon pink. Flowers very large and a free bloomer. The base of the petals is light buff, which shades toward the points to salmon and pink, giving the flower a delicate glowing pinkish appearance. Price, 25c.

Countess of Malmsbury. Inner row of petals white, outer rows pale pink, shading toward white. A dainty and pleasing variety. Price, 25c.

Cycle. Red, slightly of a pinkish shade, tips of petals tinged with a shading of white. With plenty of fertilizer this Dahlia will produce magnificent flowers. Although it sells for a very low price, it is an exceptionally desirable Dahlia. Price, 15c.

Dainty. The name Dainty aptly describes this charming novelty. The ground color is lemon yellow, which becomes paler with age and is more intense, almost approaching canary yellow, at base of petals. Price, 25c.

Dorothy Vernon. Crushed strawberry. This is entirely different from any other Dahlia having all shades of crushed strawberry. The flowers are of a beautiful form and very attractive. Price, 25c.

See my method of watering plants described on inside front cover.
CACTUS DAHLIAS—Continued

Dr. Mene. Amber and yellow. Flowers are large and deep. In color, a rich amber, while the center is mottled amber and yellow. A most desirable Dahlia. Price, 25c.

Etendard de Lyon. Broad, wavy petals, color between a rich carmine rose and royal purple. One of the best. Price, 75c.

Etruria. Color, golden orange. This blossom shades yellow and orange. Petals are long, slim and tightly rolled, very much incurved. Base is yellow shading into orange, and tips are yellow. A charming and beautiful variety. Price, 25c.

Fairy. A dainty medium size flower of pure white; an exceptionally free bloomer. Price, 50c.

Fantassima. Petals are long and narrow, curling upward, of true Cactus type. Inner rows of petals are salmon pink. Outer rows of petals are pinkish lavender shade. Backs of petals are much deeper in tone of a pinkish violet color. Price, 50c.

Flame. Orange scarlet. Florets are long and twisted. Flowers are carried on good stems. Very bright and attractive. One of the newest and best. Price, 25c.

Flieder. Lavender and white. A very large flower of unusual beauty, both in color and shape. Price, 25c.

Freibigke. Deep pink. Flowers medium size, well formed, with sharply-pointed petals of a deep crimson pink color. Price, 35c.

Gen. Buller. Rich, velvety crimson, variegated. This beautiful dahlia should be seen to be appreciated. The rich crimson flowers, with their white tips, together with some that are nearly all white, and some all red, present a most striking appearance. Price, 25c.

Golden Gate. A good flower of a deep golden yellow, tinted bronze or russet; very free; flowers immense size. Price, 50c.

Imperial. A large Cactus; color, yellow, disc quickly changing to reddish carmine. A vigorous grower. Price, 25c.

Ingleboro Edgealand. Medium size. Center of yellow, balance of flower of a good, clear, medium velvety red. Price, 35c.

J. H. Jackson. This is one of the best black Cactus Dahlias. Its velvety black maroon shade is very striking. The flowers are very large with long stems and stand out well from the foliage. Every lover of Dahlias should plant a J. H. Jackson. Price, 25c.

Kalif. Medium carmine. A very large, solid color flower. Price, $1.00.

Kleber. Dark scarlet. One of the most free blooming reds. Flowers are of large size and a very desirable color. Price, 25c.

Libelle. Light purple. Flowers are very large and well formed, and present a beautiful appearance. A very desirable rich color. Blooms very freely. Price, 25c.

Marion. Old gold in center, passing to a lovely swamp pink; the middle of petals being veined and suffused with old gold, while the reverse of petals is a rich carmine pink, making it a most lovely combination of colors. The blossoms are large and produced very freely. Price, 25c.

Marroko. Beautiful shade of very dark pink, changing to purple. Medium size, very rich in appearance and most desirable. Price, 25c.

Marjorie Castleton. The outer florets are rose pink. The tips and inner florets are pure white. Price, 25c.

Mayfield Beauty. Pink, shaded to yellow. A very unusual shade and one that attracts attention everywhere. A very desirable, medium size, low-priced Dahlia. Price, 25c.

Mirifique. Purplish maroon. Flowers large, with long, slim, pointed, straight petals. A fine bloomer and durable flower. Price, 50c.

M. Rodger Lecler. These flowers are of large size and light sulphur yellow. Tips of petals are a shade lighter. This is an extremely free bloomer, and flowers are borne well above the foliage. A beautiful dahlia. Price, 75c.

Mrs. C. H. Breck. Light red, tipped and overspreading more or less with white. A very showy, attractive Dahlia. Petals are broad at base and rolled to sharp points at the tips. A large flower and one of the most attractive Cactus Dahlias. Price, 75c.

Mrs. J. Emerson. A delicate lovely yellow, shading nearly white at tips. Some of the petals marked with very fine lines and dots of red. A large and beautiful specimen. Price, 20c.

Mrs. Reginald Bailey. This Dahlia should be seen to be appreciated. A beautifully deep violet red. The long, rolled petals curl upward, making it a true Cactus. One of the best and most distinct. Price, 50c.

Mrs. Seale. A charming and pleasing novelty. Inner rows of petals more than half way to tips are blackish red. The red is so very dark it seems almost to be touched with black. Tips of petals white. Outer rows of petals are broader, and about half of the petal is white, while the base is not as dark red as on the inner petals. Price, 35c.

Mrs. T. G. Baker. Color a rich deep orange, gradually shading to yellow near the base of the petals. The blooms are very large, petals very long and narrow, and never come shallow. A most reliable variety for exhibition or garden. Price, 75c.

Mrs. T. W. Willis. A very large and exquisitely colored blossom, with very narrow florets its entire length. White in the center with edgings of lilac on the younger florets, the greater part of the bloom being rose lilac. Price, 50c.

“Let him serve you most who serve you best.”—Franklin.
CACTUS DAHLIAS—Continued

SHOW AND FANCY DAHLIAS—Continued

General Miles. Light violet striped and splashed with purplish magenta. An enormous flower borne on long, stout stems. The very best variegated show Dahlia in existence. Price, $2.00

Grand Duke Alexis. Show. This is one of the most delicately beautiful, show Dahlias. The color is pure white, softly bordered with lavender. The flowers are very large and decidedly pleasing in effect, being especially distinguished for their dainty coloring. Price, 25c.

Henri Depresie. A very full and solid show Dahlia of a very clear shade of red, slightly orange red. Decidedly erect on heavy, strong stems. Price, 50c.

Puritan. Fancy show. White, striped maroon. Medium size and one of the handsomest Show Dahlias for solid color bouquets. Price, 25c.

Rose. Show. Aptly named. Remarkable resemblance to a Rose. Of a typical rose shade. Base of inner rows of petals much deeper reddish rose than outer petals which are somewhat paler. Price, 35c.

Striped Banner. Tips of petals are white, jaggling down into the base of the petal, which is royal red or dark scarlet. A novel and striking blossom. Price, 25c.

Surpasse Colosse. Show. Color, scarlet carmine, flowers large, with large quilled petals. Price, 35c.

Tillamook. Show. Similar in shape to "Dreer's White." The whole blossom is very, very pale pink. Each petal is folded over neatly, making a beautiful flower. Price, 25c.

Vivian. Show. Large and of beautiful colorings. Center of blossom dark magenta, the inside of the petal being much lighter cerise or Jacqueminito. A large and excellent Dahlia. Price, 25c.

W. W. Rawson. Show. This popular novelty has been the admiration of all wherever shown the past season. The massive, perfect flowers, often measuring 6 inches across, are borne on stiff stems about 15 inches long. The entire flower is absolutely perfect in outline and formation. The color is pure white, overlaid with amethyst blue. Price, 25c.

It will pay you to visit my dahlia fields.
POMPON DAHLIAS

I prepay carriage on all retail bulb orders, accompanied by cash in full, in the United States. This does not apply to Special Offers.

Blumenfalter. A delicate, violet pink. The center of this little Dahlia is a pale pink, in a circle about as large as a five-cent piece. Around this to the outer edge the petals are crimson, making an especially attractive flower. Price, 25c.

Brunette. The center of this little Dahlia is a pale pink, in a circle about as large as a five-cent piece. Around this to the outer edge the petals are crimson, making an especially attractive flower. Price, 25c.

Codsall Gem. Rosy red, with white tips. The coloring of this flower is combined so as to make it most attractive and striking. Price, 25c.

Darkest of All. Blackish maroon. Its name is very appropriate, and aptly describes it. A very handsome, very dark Dahlia. Price, 25c.

Klein Gretchen. White shaded crimson, leaving the blossom principally crimson. Base of petals white, while all the rest of petal is crimson. Striking and beautiful. Price, 25c.

Little Herman. Color, dark red while each petal is heavily tipped white. A very showy little pompom. Price, 50c.

Snow Clad. Pure white. This dainty little white flower should be seen to be appreciated. It is very prolific, producing a great abundance of flowers. Price, 25c.

Sunny Daybreak. Color, a light orange. The blossom is carried on long stems with very scant foliage making the flowers very conspicuous. Price, 35c.

Sunset. Color, deep orange. A small perfect flower and one of the most desirable dahlias in the whole Pompom family. Price, 50c.

Viridi Flora — The Green Dahlia. The most unique novelty of Dahlia culture. The flower is a rich, verdant green, same shade as the foliage. Occasionally the flowers show a number of red petals. This Dahlia does best in a partially shaded location. Price, 50c.

Zoe. Base of petals and edges clear yellow. Tips white. This is a very attractive Dahlia and well worth having. Sometimes blossoms come all yellow. Price, 25c.

CORD FOR TYING DAHLIAS

In various lengths, but as good as new for this purpose. A very limited supply, 8 lbs. for $1.00, F. O. B. Westerly. Your postmaster can tell you the cost of 8 lbs. by mail to your town. Order now and be sure to have it in time. It can be used for many other purposes.

Send in your order early.
SINGLE DAHLIAS

Blush Century. Clear white, slightly overcast with delicate shade of pink.  
Price, 15c.

Blushing Maiden. This is a Dahlia of beautiful maroons mingled with a light carmine, and has a pure white stripe through the center of petals. Very attractive.  
Price, 15c.

Price, 15c.

Dauntless. About one-fourth of petals are base yellow, remainder of petals rose pink, edged, dotted and streaked with magenta. Some of the petals have several stripes of the magenta through them, while others have somewhat less number of streaks.  
Price, 15c.

Falcon. Reddish purple, with white disc around the center; a large flower in which the color contrast is both striking and beautiful.  
Price, 25c.

G. H. Longman. Lavender pink. Petals broad and flat. Medium sized flowers; long stems; very desirable for cut flowers.  
Price, 15c.

Lady Mildred. Pure white. Now and then shows a very faint pink tinge. Flowers large and perfect. Extremely graceful, and one of the most desirable white single Dahlias.  
Price, 15c.

La Favorite. Dark, rose striped with rich purple and white. An exquisitely dainty flower. Large and blossoms freely.  
Price, 20c.

Mabel C. A single Dahlia of unusual merit. The color is a lavender pink, with an amethyst shading at base of petals. Flowers large and graceful.  
Price, 25c.

Margaret Perkins. One of the most beautiful varieties of recent introduction. The flowers are very large, have rather pointed petals, are wide, but not overlapping, and are borne on very long, stiff stems. The color is pure white with about one-half of each petal tipped light pink; first flower being tipped cerise pink, and, like “Twentieth Century,” of which it is a seedling, growing steadily lighter as the season advances, becoming a clear, soft pink later.  
Price, 25c.

Madame X. Deep velvety carmine, occasionally blended and shaded lighter.  
Price, 25c.

Mildred C. Saunders. Yellow, blotched and splashed with red. A large, bold flower of unusual merit, and very desirable for cutting, often measuring 6 inches in diameter. The gorgeous colors present a most striking appearance.  
Price, 15c.

Miss Emma. Dark salmon yellow with light center. Very large and attractive.  
Price, 15c.

Mrs. Evans. White, flushed pink, finely striped and spotted crimson.  
Price, 25c.

Price, 15c.

Twentieth Century. Pure white at base and tip, with center of petals a beautiful rose pink. A very popular Dahlia and worthy of the highest praise. Flowers freely.  
Price, 25c.

COLLARETTE DAHLIAS

I prepay carriage on all retail bulb orders, accompanied by cash in full, in the United States. This does not apply to Special Offers.

A. Mammene. Nice dark red Collarette Dahlia with white collar.  
Price, 25c.

La Fusee. Petals twisted to give the flower the appearance of a single Cactus; color deep ox-blood red, the collar being of same shade, marked with white.  
Price, 15c.

Maurice Rivoire. A medium flower with broad petals of rich maroon, with deeper stripe down the center, and a pure white fringed collar.  
Price, 15c.

Meteor. Positively the best of its color; ground color brilliant scarlet penciled, spotted and striped with rose color. Collar white. A flower of fine form.  
Price, 15c.

Prince Carille de Rohan. A pleasing pink touched and blended with bluish lavender. Tiny collar of same shading. Very good size, attractive and on good stems.  
Price, 50c.

Souvenir de Chabanne. Ground color, lemon yellow, with coral red markings; collar petals very abundant and long, lemon yellow, tipped white.  
Price, 15c.

PLEASE NOTICE

Every Dahlia offered in this catalog is described to the best of my ability as they are while growing in my fields without any disbudding; and every statement as to size is positively correct as they grow for me with no extra care. If disbudding with proper care is resorted to they will exceed sizes stated. If a purchaser does not grow them to sizes stated the fault is not mine. It may be the weather, the kind of soil, lack of water, and a dozen other things. One year's trial is not sufficient to try out a new variety. Experiments in your own garden are the best education.

PRICES.

Orders received prior to Jan. 1st for shipment the following season will be subject to prices quoted in the new catalogue even though they have been reduced from the last issue.

All shipments to Canada after being delivered to the Express Company or the U. S. mail are at purchaser's risk as to delays or loss.

SPECIAL OFFERS

Parcel Post or Express paid by the purchaser. See table below.

It has been thoroughly demonstrated that nearly all small shipments of bulbs can be sent by mail and reach their destination quicker than by express. Notice! The postage or express on all special offers must in all cases be paid by purchaser, and if by mail, postage must be sent with the order or pay C. O. D. charges to destination, which often amounts to more than the postage.

To ascertain the amount of postage to send.

No. 1, 2 and 3 Collections weigh four pounds or less.
No. 4 Collection weighs six pounds or less.

Your postmaster can tell you the cost of any number of pounds from Westerly, R. I. to your post office. Or you can use the following table. If you send more money than is used in postage, the surplus will be returned.

SEED FIELD CORN

During the last few years I have taken great pride in producing the best corn for family use that can be grown. I think I have now four varieties that contain all the desirable features that any person could wish for family use. One for corn meal and three for green corn. Illustrations and prices for selected seed follow.

STILLMAN'S SPECIAL RHODE ISLAND DOUBLE CAP CORN

Outer end entirely capped. Butt nearly capped. The best white northern corn grown. The ears are large, butt stems are exceedingly small. The ears are easily husked and broken off. It yields two and three ears to the stalk. The kernels are large and in straight rows. It makes the sweetest and best table meal. The kind that makes the best R. I. Johnny-Cakes. Always get the Stillman strain.

CORN MEAL

Made from Stillman's Special Rhode Island Double Cap Corn. It's the sweetest and best meal on the market. Ground in an old-fashioned stone "Grist Mill." Fresh every week. Price, 10 lbs. $1.25, postpaid in 1st and 2d Zone.

STILLMAN'S EXTRA EARLY GIANT SWEET CORN

matures the earliest and has the largest ears of any extra early sweet corn. Nothing like it for the earliest crop.

Selected Seed, 75c. per pint, 40c. per ½ pint

Stillman's Extra Early Giant Corn. Ears 6 to 7 inches.
The New Sweet Orange Corn. Ears 7 to 8 inches

THE NEW SWEET ORANGE CORN

Much larger than the Golden Bantam. The sweetest medium early green corn grown. Grows a medium height and ears profusely.

Selected Seed, 75c. per quart, 40c. per pint

MT. SHASTA SWEET CORN

The largest and sweetest green corn in the world. This mammoth new corn is in a class by itself. Nothing can beat it for sweetness and its mammoth size.

June 6, 1923. A gentleman in South Carolina wrote me thus: "Please ship me two pounds of seed of your Mt. Shasta corn. I noticed your claim that your Mt. Shasta was the largest and sweetest corn, and I tried a small quantity last year, really thinking you were covering too much territory in your claim. Have decided you knew whereof you spoke. After eating your corn we no longer care for the ordinary sweet corn."

Selected Seed, 75c. per pint, 40c. per ½ pint

Mt. Shasta Sweet Corn. Ears 9 to 11 inches

WORM KILLER

THE WILLIAMS WORM KILLER

I have taken the agency for this new device for killing the borer inside the Dahlia stalks. It is a handy little tool and works to perfection without the slightest injury to the plants.

Price, 50c. Postpaid
DAHLIA SEED

To those who have never tried any of my Dahlia seed I must say that they are missing one of the greatest pleasures of the flower garden. I do not save seed from poor, insignificant flowers. The wonderful success my customers have with my seed is ample proof that it is far superior to any on the market.

Important.—It is very important that you understand that every plant you get from seed is an entirely new variety and may be even better than the flower it is taken from.

DIRECTIONS FOR PLANTING

In the latitude of New York City seed should be sown about March 15th to April 1st. Flats or boxes about 3 or 4 inches deep are best. Cover the seed about 1 inch deep and keep in a warm place until the plants are all above ground. Then they can be moved to a cooler place. They should be kept in the sun to avoid growing too slender. Transplant in the open when weather is free from frost, about 15 inches apart. Discard any undesirable ones as soon as they bloom, thus giving the others more room.

The National Dahlia Society of America, whose headquarters are at Seattle, Washington, will stage a weekly contest exhibit, every Monday beginning in March, and ending in December at the Bon-Marche, Seattle, Washington.

These exhibits will include all flowers, grown out of doors starting with Crocus, Narcissus, Daffodils, and other flowers as they come into bloom, Tulips, Peonies, Sweet Peas, Roses, Dahlias, Gladiolas, Lilies, Astors, Perennials, and Chrysanthemums. Everybody is welcome to enter their blooms each week, during the season and the one securing the most awards in any particular class will receive a trophy. Dahlia seedlings must be produced from seed grown in exhibitor’s own garden, and if found worthy of an award, may then be named by the producer and registered with the National Dahlia Society of America.

1924 Fall Dahlia Show will be held at the Bon-Marche, Seattle, Washington, September 19th and 20th.

TESTIMONIALS

Jan. 21, 1923.—A gentleman in Idaho writes: "The bulbs I bought from you last spring done excellent, in fact, have never had cause for complaint from your bulbs during the last five years that I have bought from you. They have always done fine."

Feb. 26, 1923.—A gentleman in Colorado writes: "Herewith find enclosed my check covering enclosed order. I get a great deal of pleasure through your new catalogue. It tells of a success that I wish to congratulate you for. I have always felt sure of the bulbs I order from you and have never been disappointed."

March 6, 1923.—A lady in D. C. writes: "The dahlias I bought from you last year were gorgeous. I never realized they could be so beautiful. I feel it was money well spent for the blossoms were such a joy to me."

March 24, 1923.—A gentleman in Pa., writes: "The cactus dahlia seed arrived safely. Good plump looking ones 275 of them and I will try and beat my record of last year of 200 plants from 250 seed."

March, 1923.—A gentleman in Ky., writes: "The dahlias I purchased from you last spring were simply wonderful. The blooms attracted attention wherever displayed as the finest dahlias seen around here."

April 3, 1923.—A gentleman in Canada sends this unsolicited testimonial

To Whom It May Concern
I have the greatest pleasure in recommending Geo. L. Stillman dahlias to any lover of this magnificent flower. I have grown them successf ully for 7 years and they have been the admiration of hundreds of flower lovers.

April 11, 1923.—A lady in Ky. wrote me thus: "I have ordered dahlias from you for several seasons past and I feel like I want you to know the splendid success I had with them last fall. I ordered No. 4 collection, every bulb came up save one. These together with bulbs from previous orders were the most beautiful collection I have ever seen. Such gorgeous colors and the shape and size of the flowers were magnificent."

April 7, 1923.—A gentleman in N. J. wrote me thus: "Last year I purchased a five dollar package of your seed and had some of the most wonderful flowers anyone ever saw."

April, 1923.—A lady in Ohio writes: "I sure was pleased with the bulbs I had from you last year. They were beauties and everyone who saw them thought they were marvelous."

May 3, 1923.—A gentleman in North Carolina wrote in addition to his order: "Permit to congratulate you most heartily upon your beautiful catalogue. Please keep it up. I believe you are the leading dahlia specialist in the United States."

May, 1923.—A lady in Miss. writes: "My seed and bulbs came all right. I have over 200 nice plants from seed, and all the bulbs came up and are growing nicely, but two and one of these I think will come."

May 14, 1923.—A lady in Penn. writes: "Just a line to tell you my dahlias arrived. I never received bulbs in such splendid condition. I congratulate you."

May, 1923.—A lady in Oklahoma writes: "All the years I have traded with you I have never received an unsatisfactory bulb."

May 21, 1923.—A gentleman in Ohio writes: “Please fill this my second order for dahlia bulbs this year; my other order arrived in good shape last Tuesday and I liked the way you filled the order.”

June 6, 1923.—A lady in Ill. wrote me: “We saw many dahlias in South America but none which even approached those which we have had from bulbs and seed bought of you.”

Aug. 16, 1923.—A lady in N. J. writes: “This past spring I purchased seven dollars worth of dahlia seed from you and I think everyone came up.”

Aug. 20, 1923.—A lady in Tenn. writes as follows: “My dahlias which came from your seed are so wonderful again this year that I want to exhibit them at the fair. You may be interested in knowing that for three years I have had five hundred dahlias in my garden all of which came from your seed. They often measure ten and eleven inches.”

Aug. 30, 1923.—A gentleman in West Va. writes: “That U. S. A. dahlia of yours is fine and at the present time does not have a peer among all my dahlias and I have some fine ones. One plant of the U. S. A. now blooming has six flowers, the smallest one 9 inches across.”

Sept. 2, 1923.—A lady in Ala writes: “I consider the dahlias that I have from you the most beautiful ones I have. I have tried to get the best from the largest growers over the country.”

Sept. 7, 1923.—A lady on Long Island writes: “I want to tell you what great success I have had with my seed from the Five World Winners. I have a great many colors and perfectly beautiful. Some are as large as a tea plate. Am more than delighted with them. All my bulbs from you are now in bloom. My dahlias this year are the best ever.”

Sept. 19, 1923.—A lady in Tenn. writes: “My dahlias grown from seed of the Five World Winners are getting to be the topic of the town for the women and the men as well. They have given delightful surprises and afforded a great deal of pleasure.”

Sept. 21, 1923.—A gentleman on L. I. writes: “Will you kindly put aside a ‘Philip Loma’ for me as that is the one you could not supply when I ordered the Loma Family last Fall. You sent me the ‘Queen Esther’ which I am proud to possess. I am well satisfied with the flowers which are all of large size in this Loma Family.”

Oct. 3, 1923.—A gentleman in West Va. writes: “It is with great pleasure I advise you of the wonderful dahlias I am growing this year from your seed. The blooms are marvelous in size and shape and colorings. Oriental shades are many and most distinct even surpassing last year’s productions.”
